## About this book

---

This book constitutes the refereed proceedings of the 17th European Conference on Symbolic and Quantitative Approaches to Reasoning with Uncertainty, ECSQARU 2023, held in Arras, France, in September 2023.

The 35 full papers presented in this volume were carefully reviewed and selected from 46 submissions. The papers are organized in topical sections about Complexity and Database Theory; Formal Concept Analysis: Theoretical Advances; Formal Concept Analysis: Applications; Modelling and Explanation; Semantic Web and Graphs; Posters.

## Keywords

---

**argumentation**    **argumentation frameworks**

**artificial intelligence**    **autonomous agents**    **bayesian networks**

**computer programming**    **computer systems**    **formal logic**

**fuzzy sets**    **graph theory**    **inference engines**

**knowledge-based system**    **logic programming**

**multiagent system**    **probabilistic logic**    **probability distribution**

**uncertain reasoning**
