## **MCS-2015: Ninth Mediterranean Combustion Symposium**

**7-11 June 2015**

**Sheraton Rhodes Resort, Rhodes, Greece**

The International Centre for Heat and Mass Transfer, the Combustion Institute, and many of the Combustion Institute's constituent national sections are pleased to announce the Ninth Mediterranean Combustion Symposium, one of the primary regional international conferences in the field of combustion and related topics. The symposium is the ninth in a series held by the scientific communities from countries around the Mediterranean Sea.

Following previous experience, a full paper (12-page maximum length) will have to be submitted by the deadline (15 October 2014), followed by a review process. Acceptance will be announced in November 2014, in order to give participants enough time to make travel arrangements to this primary tourist destination.

More information will be announced on this website in due course.

### **Deadlines:**

Submission of full paper: 15 October 2014

Acceptance notification: 15 November 2014

Work in progress posters: 20 March 2015

Early registration (reduced fee) deadline: 5 January 2015

Early accommodation booking (special rate) deadline: 5 January 2015
