*Questo solo capì.  
Di essere caduto nella tenebra.  
E nell'istante in cui seppe, cessò di sapere.*

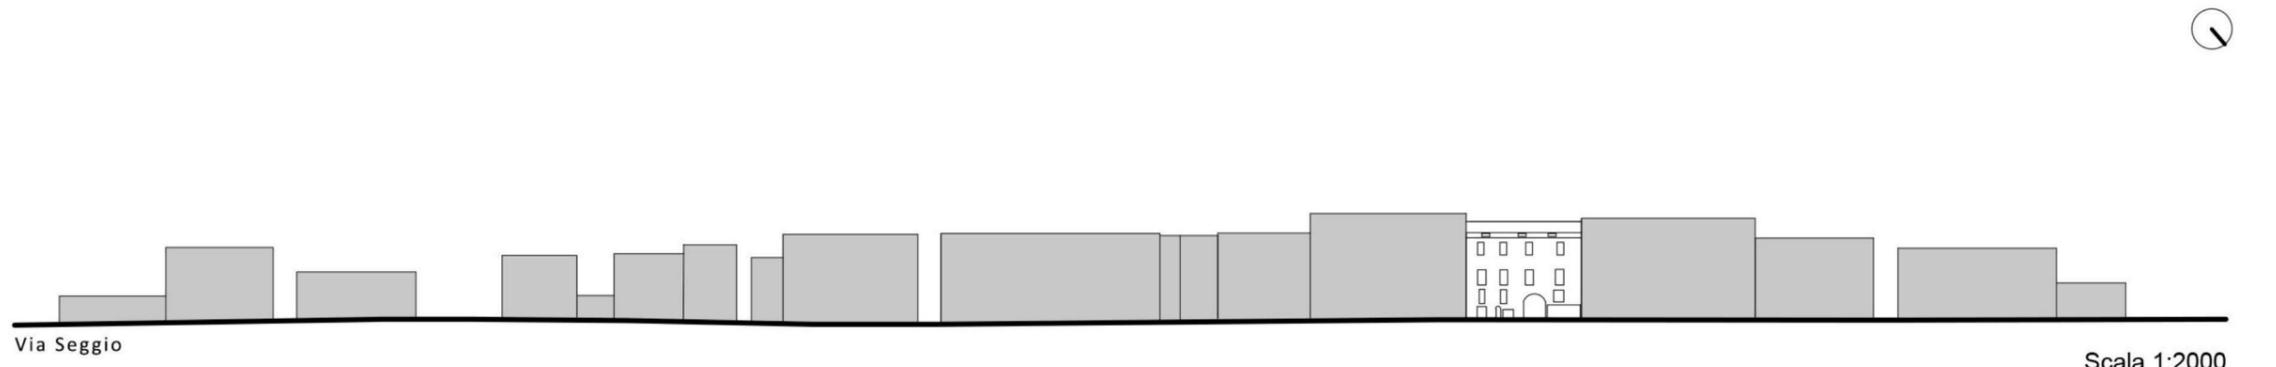

*(Jack London)*

*Una città, una campagna, da lontano sono una città e una campagna,  
ma quanto più ci avviciniamo, sono case, alberi, tegole, foglie, erba, formiche, zampe di formiche, e via all'infinito.  
Tutto ciò è racchiuso sotto il nome di campagna.*

*(Blaise Pascal)*
