

# 3rd INTERNATIONAL CONFERENCE ON “SMART AND SUSTAINABLE PLANNING FOR CITIES AND REGIONS – SSPCR 2019”

Table of content

Results of SSPCR 2019 – Open Access Volume .....	2
Results of SSPCR 2019 – Non-Open Access Volume .....	5

# Results of SSPCR 2019 – Open Access Volume

## Section 1- Shaping The Climate And Energy Transition: Clean Energy And Robust Systems For All

*Constraints, Stakeholders and Framing Goals in Energy Master Planning between Neighborhood and District*

Matthias Haase and Daniela Baer

*Energy System Models for City Climate Mitigation Plans—Challenges and Recommendations*

Burcu Unluturk and Anna Krook-Riekkola

*Deep Energy Retrofit of Residential Buildings in the Mediterranean Area: the MedZEB Approach*

Roberta Capogrosso, Giulia De Aloysio, Luca Laghi, Roberto Malvezzi, Eraldo Menconi, Marco Padula, Francesca Pecchia, Ángel Ruíz Cruceira, José Manuel Salmerón Lissén, Paolo Luigi Scala

*Smart Meter Awareness in Italy, Ancona*

Vasileios Ntouros, Nikolaos Kampelis, Martina Senzacqua, Theoni Karlessi, Margarita-Niki Assimakopoulos, Dionysia Kolokotsa and Cristina Cristalli

## Section 2 - Urban (Big) Data: Challenges For Information Retrieval And Knowledge Discovery

*A Systematic Study of Sustainable Development Goal (SDG) Interactions in the Main Spanish Cities*

Javier García López, Raffaele Sisto, Julio Lumbreras and Carlos Mataix

*City Assessment Tool to Measure the Impact of Public Policies on Smart and Sustainable Cities. The Case Study of the Municipality of Alcobendas (Spain) Compared with Similar European Cities*

Raffaele Sisto, Javier García López, Julio Lumbreras Martín, Carlos Mataix Aldeanueva and Linos Ramos Ferreiro

*Snap4City Platform to Speed Up Policies*

Nicola Mitolo, Paolo Nesi, Gianni Pantaleo, Michela Paolucci

### Section 3 - New Value Propositions In Times Of Urban Innovation Ecosystems And Sharing Economies

*Public Research and Development Funding for Photovoltaics in Europe—Past, Present, and Future*

Simon Pezzutto, Juan Francisco De Negri, Sonja Gantioler, David Moser and Wolfram Sparber

*Urban Density and Household-Electricity Consumption: an Analysis of the Italian Residential Building Stock*

Valentina Antonucci, Adriano Bisello and Giuliano Marella

*Circular Economy in Poland: Main Achievements and Future Prospects*

Anna Avdiushchenko

*A Possible Circular Approach for Social Perception of Climate Adaptation Action Planning in Metropolitan Cities*

Alessandro Scuderi, Luisa Sturiale, Giuseppe Timpanaro, Giovanni La Via, Biagio Pecorino

*A Spatial Multi-Criteria Decision Support System for Stress Recovery-Oriented Forest Management*

Irene Capecci, Gianluca Grilli, Elena Barbierato and Sandro Sacchelli

## Section 4 - Rural-Urban Relationships for better territorial development

*Institutional Methods for the Identification of Urban and Rural Areas—A review for Italy*

Valentina Cattivelli

*Diagnosis of the State of the Territory in Flanders. Reporting about New Maps and Indicators Differentiating between Urban and Rural Areas within Flanders*

Ann Pisman and Stijn Vanacker

## Section 5 – Thriving Governance And Citizenship In A Smart World: Environments And Approaches Fostering Engagement And Collaborative Action

*The Evolution of the Planning System in Poland from Sectoral to integrated Strategic Planning*

Judyta Wesołowska, Małgorzata Mirecka, and Tomasz Majda

*SUMPs Implementation: Designation of Capacity Gaps of Local Authorities in the Delivery of Sustainable Mobility Projects*

Sofia Kalakou, Sebastian Spundflasch, Sofia Martins and Ana Diaz

*Co-creation Pathway for Urban Nature-based Solutions: Testing a Shared-Governance Approach in Three Cities and Nine Action Labs*

Israa Mahmoud and Eugenio Morello

*Innovative Approaches to Energy Governance: Preliminary Quantitative Insights from the Literature*

Silvia Tomasi and Sonja Gantioler

*City Engagement in the Joint Programming Initiative Urban Europe and the Role of Intermediary Organizations in R&I Policies for Urban Transition*

Susanne Meyer, Robert Kalcik

# Results of SSPCR 2019 – NON-Open Access Volume

## Section 1- Shaping the Climate and Energy Transition: Clean Energy and Robust Systems for All

*Smart Approach to Management of Energy Resources in Smart Cities: Evaluation of Models and Methods*

Jana Teremranova and Anna Mutule

*City Level Evaluation: Categories, Application Fields and Indicators for Advanced Planning Processes for Urban Transformation*

Carla Rodríguez, Cecilia Sanz-Montalvillo, Estefanía Vallejo and Ana Quijano

*Proposal for an Integrated Approach to Support Urban Sustainability: the COSIMA Method Applied to Eco-districts*

Cristina Becchio, Marta Carla Bottero, Stefano Paolo Corgnati, Federico Dell'Anna, Giulia Pederiva, Giulia Vergerio

*Open Innovation Strategies, Green Policies, and Action Plans for Sustainable Cities—Challenges, Opportunities, and Approaches*

Mohsen Aboulnaga, Marco Sala and Antonella Trombadore

*Governing and Planning Local Climate-Change Adaptation in the Alps*

Luca Cetara, Marco Pregolato and Pasquale La Malva

*Projections of Electricity Demand in European Cities using Downscaled Population Scenarios*

Gianni Guastella, Enrico Lippo, Stefano Pareglio and Massimiliano Carlo Pietro Rizzati

*Integrated Building Data for Smart Regions and Cities—An Italian Pilot*

Ezilda Costanzo, Bruno Baldissara

*Thermal-Performance Evaluation of Unshaded Courtyards in Egyptian Arid Regions*

Hatem Mahmoud and Ayman Ragab

*Societal, Research and Innovation Challenges in Integrated Planning and Implementation of Smart and Energy-efficient Urban Solutions: How Can Local Governments Be Better Supported?*

Judith Borsboom-van Beurden and Simona Costa

## Section 2 - Urban (Big) Data: Challenges for Information Retrieval and Knowledge Discovery

*Transposing Integrated Data-Driven Urban Planning from Theory to Practice: Guidelines for Smart and Sustainable Cities*

Viktor Bukovszki, Ahmed Khoja, Natalie Essig, Åsa Nilsson, and András Reith

*City Indicators Visualization and Information System (CIVIS)*

Álvaro Samperio-Valdivieso, Paula Hernampérez-Manso, Francisco Javier Miguel-Herrero, Estefanía Vallejo-Ortega, Gema Hernández-Moral

*Methodology and Operating Tool for Urban Renovation: the Case Study of the Italian City of Meran*

Alice Schweigkofler, Katrien Romagnoli, Dieter Steiner, Michael Riedl and Dominik T Matt

*Investigate Walkability: an Assessment Model to Support Urban Development Processes*

Francesca Abastante, Marika Gaballo and Luigi La Riccia

*Assessing the Level of Accessibility of Railway Public Transport for Women Passengers Using Location-based Data: The Case of H2020 DIAMOND Project*

Andrea Gorrini, Rawad Choubassi, Anahita Rezaallah, Dante Presicce, Ludovico Boratto, David Laniado and Pablo Aragón

## Section 3 - New Value Propositions in Times of Urban Innovation Ecosystems and Sharing Economies

*Assessing Integrated Circular Actions as Nexus Solutions across Different Urban Challenges: Evidence towards a City-Sensitive Circular Economy*

Maria Beatrice Andreucci, Edoardo Croci

*Build or Reuse? Built Environment Regeneration Strategies and Real Estate Market in Seven Metropolitan Cities in Italy*

Alessia Mangialardo, Ezio Micelli

*Addressing the Problem of Private Abandoned Buildings in Italy. A Neo-institutional Approach to Multiple Causes and Potential Solutions*

Anita De Franco

*Unlocking the Social Impact of Built Heritage Projects: Evaluation as Catalyst of Value?*

Cristina Coscia and Irene Rubino

*Renewable Energy Communities: Business Models of Multi-Family Housing Buildings*

Valeria Casalicchio, Giampaolo Manzolini, Matteo Giacomo Prina, David Moser

*Relevance of Cultural Features in Contingent Valuation: a Literature Review of Environmental Goods Assessments*

Valentina Antonucci, Giuliano Marella, Roberto Raga, and Shinya Suzuki

*Circular Economy Meets the Fashion Industry: Challenges and Opportunities in New York City*

Younghyun Kim and Savannah Wu

## Section 4 - Dissolving Borders: Towards Integrated Territorial Approaches, from Smart Cities to Smart Regions

*Beyond the City Limits—Smart Suburban Regions in Austria*

Nina Svanda and Petra Hirschler

*Rural Areas as an Opportunity for a New Development Path*

Stefano Aragona

*The Impact of Action Planning on the Development of Peripheral Rural Villages: An empirical Analysis of Rural Construction in Yanhe Village, China*

Qiuyin Xu and Tianjie Zhang

*Sustainability of Cultural Diversity and the Failure of Cohesion Policy in the EU: The Case of Szeklerland*

Attila Dabis

## Section 5 – Thriving Governance and Citizenship in a Smart World: Environments and Approaches Fostering Engagement and Collaborative Action

*Towards a Smart Urban Planning. The Co-production of Contemporary Citizenship in the Era of Digitalization*

Enza Lissandrello

*Digital Technologies for Community Engagement in Decision-Making and Planning Process*

Antonella Galassi, Lucia Petříková and Micaela Scacchi

*Emerging Interpretation Models of Social and Institutional Innovation in the City. The Role of 'intermediate places' between the US and Italy*

**Bruno Monardo and Martina Massari**

*Smart Creative Cities and Urban Regeneration Policy: Culture, Innovation, and Economy at Nexus. Learning from Lyon metropolis*

**Maria Beatrice Andreucci**

*Analysis of National Research Programs to Boost Urban Challenges in Transnational Cooperation*

**Gilda Massa**

*The Role of Stakeholders' Risk Perception in Water Management Policies. A Case-Study Comparison in Southern Italy*

**Stefania Santoro, Giulia Motta Zanin**

*Devising a Socioeconomic Vulnerability Assessment Framework and Ensuring Community Participation for Disaster Risk Reduction: A Case-study Post Kerala Floods of 2018*

**Fathimah Tayyiba Rasheed**

*Towards Sustainable and Inclusive Cities: Discrimination against Vulnerable and Marginalized Groups—a Review of a Hidden Barrier to Sustainable Urbanization*

**Vivien Benda**

## Section 6 – Tackling Energy Poverty

*Exposure and Vulnerability towards Summer Energy Poverty in the City of Madrid: A Gender Perspective*

**Miguel Núñez-Peiró, Carmen Sánchez-Guevara Sánchez, Ana Sanz-Fernández, Marta Gayoso-Heredia, J. Antonio López-Bueno, F. Javier Neila González, Cristina Linares, Julio Díaz and Gloria Gómez-Muñoz**

*The Ecobonus Incentive Scheme and Energy Poverty: Is Energy Efficiency for All?*

Chiara Martini

*A Behavioral Model for In-Home Displays Usage in Social Housing Districts*

Valeria Fanghella, Nives Della Valle

*Investigating the Role of Occupant Behavior in Design Energy Poverty Strategies. Insights from Energy Simulation Results*

Angela Santangelo, Simona Tondelli, Da Yan

*Energy Retrofitting in Public Housing and Fuel Poverty Reduction: Cost–Benefit Trade-Offs*

Chiara D’Alpaos, Paolo Bragolusi

## Section 7 - Rural-Urban Relationships for a better territorial development

*Rural-Urban Relationships for Better Territorial Development*

Elisa Ravazzoli, Christian Hoffman, Francesco Calabrò and Giuseppina Cassalia

*Multiscale Urban Analysis and Modelling for Local and Regional Decision-Makers*

Janka Lengyel, Jan Friedrich

*Preference-Based Planning of Urban Green Spaces: A Latent-Class Clustering Approach*

Gianluca Grilli and John Curtis

*A Smart and Open-Source Framework for Cultural Landscape Policies*

Alexandru Calcatinge
